NEWPORT,

BY CHANSTON & NORMAN,
127 THAMES STREET.
MONDAY MORNING, JULY 7, 1851.

The celebration of the Fourth, in this town, passed off very pleasantly. The procession was formed at 9 o'clock, on the Parade, by the Chief Marshal of the day, in the order previously announced; the procession moved through the principal streets to the First Baptist Church, where the exercises took place. The Singing was by the Newport Glee Club, under the direction of Dr. Thomas W. Wood; the music was excellent and gave the highest satisfaction to all present. An appropriate and impressive prayer was offered by the Rev. Mr. Adlam. The Declaration of Independence was well read by Mr. Van Zandt; and the Addresses were appropriate and interesting with the exception of some ill-timed and improper remarks which were made casting censure upon the Committee of Arrangements, and which had no foundation in truth or justice.

At the close of the services at the Church, the procession was formed again and proceeded to the Bellevue Hall, escorted, as before, by the Newport Brass Band, playing very sweetly. The tables in the Hall were amply spread with nice things, and the children numbering about 800, partook of the excellent collation, and all appeared to enjoy themselves. The tables were furnished by the Committee, and the tables were spread and arranged under the direction of Mr. Hazard and Mr. Peckham, and Mr. Tilley his energetic assistants. Everything was in order, and all the arrangements were so admirable that there was not the slightest confusion of any kind. The Band was stationed at the entrance of the Hall, and played during the time the children were eating. At the close the children of the Senior Schools sang several pieces, under the lead of Dr. Wood. After this, the children returned to their homes.

The bells of the several churches were rung during the usual hours, and a salute was fired at Fort Adams, at noon.

The carriages which were used in the procession were generously furnished, free of expense, by Messrs. John G. Waver, William C. Tammant and William Dean.

We do not hesitate to say that this celebration was one of the most interesting and pleasant to give every general satisfaction. The children were all very neatly dressed, and their behaviour was praiseworthy in the extreme, and reflects the highest credit upon their excellent and efficient Teachers. Every one must admit that the appropriation was well and judiciously expended, and we have no doubt that much good will result from it. We trust that hereafter our national birthday will be celebrated in the same manner, for it is all important to cherish and perfect our Public School system, to the highest possible grade; and such an observance of the day will have a tendency to interest youthful minds in the character of our institutions and the nature of our form of Government. And as these children grow older and become men and women, they will have formed such correct opinions as will make them good and useful members of society.

The Committee of Arrangements for the celebration of the Fourth of July return their thanks to William W. Hazard, Esq., of the Bellevue House, for services rendered them on the Fourth of July, in serving the Collation for the Scholars of the Public Schools.

The steamers Perry, Canonicus, Minotaur, Canachet and Argo arrived here Saturday, on excursions, bringing about 2000 passengers.

The Artillery Company returned home Saturday, in the steamer Argo, from Warren, accompanied by the Warren Artillery; the latter left again on the Argo, at night.

New York, July 2d, 1851.
DEAR NEWS:-

Our big and naughty City actually sweltering in this mid-summer heat, and as we anticipate another "Scorcher," on the glorious 4th, I have been all the week in an agony of suspense, wondering how I should dispose of myself on that occasion; and I have at last concluded to make myself fast to a Stake off Coney Island, and have a pleasant snooze of it 'till "Independence" is over. This is Commencement day of the University of this City, and I have just returned from a visit to Tripler Hall, where the exercises are now taking place, and which is of course crowded with ladies and gentlemen.—The Young Graduates as they leave the Stage after reciting their Orations, are literally smothered with Boughs, but I could not avoid observing that those gentlemen who happened to possess the finest Eyes, or the most luxuriant whiskers, received invariably, from the ladies at least, the most flattering applause, no matter how indifferent were their literary efforts. People may rant as much as they choose about "beauty being a curse," &c., it is all humbug and next to God, in this life, surely, it is the one thing needless.

So Jenny Lind, like a sunbeam, has been flitting about yo'nt! Blessings on her little Swedish heart! why doesn't she get married? I observe that Mr. Dean does not charge more than usual rates for conveying passengers in the same Coach that bore Jenny from the Steamer! Bless the man, he ought to be patronized!

I have just understood that the children in your excellent public schools are to be indulged in a grand Collation on Friday next. That is right; and your Committee of Arrangements will ever be remembered by them, with sentiments of gratitude; but let me most respectfully suggest to each one of their anxious Mamas, that it would be exceeding proper to lay in a full supply of "Godfrey's Cordial," in case any premonitory symptoms of Asiatic Cholera should show themselves before morning.

Our City is dull, and I hope to save it shortly for a flying trip to "Cape May," where perhaps you may hear from me again. I am bound to come to Newport this summer, so engage me a room at the "Ocean."

Yours truly,
THE MAJOR.

We understand that Mr. Francis T. Russell is about to favor his friends in Newport with a series of Readings and Recitations. Those who were able to attend "Literary Association" last winter, will remember his finished and graceful delivery and distinctness of enunciation. We have no doubt that he will be eminently successful in Newport.—*Boston Trans.*

The Tom Boy Dress.—Some propose to call the new costume which the men are getting up for the women the Bloomer—others the Camilla—others again the Tom Boy. The last name seems to us most appropriate.—*Cincinnati Gazette.*

IMMIGRATION.—There arrived at New York during the month of June, 31,403 immigrants; and for the first six months of the year, 139,976.

The President made many friends during his late visit to Virginia; we say friends, not in the political sense. But gentlemen of all parties were charmed with his unassuming manners, as well as with his excellent sentiments. They now know that we have a PATRIOT President—a President without fear and without reproach. We believe that Democrats united with Whigs in admitting that the President is worthy of all respect and honor.—*Alexandria Gazette.*

June 27. Next door North Post Office.

R. R. R. THE PROPHECY FUL- FILLED.

In the month of August, 1819, we promised to the world that we produce a medicine that would

INSTANTLY STOP THE MOST SEVERE PANGS OF PAIN.

And speedily relieve its cause. We proposed to Hospitals, and all other institutions for the reception of the sick, to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce

RADWAY'S READY RELIEF, for their investigations, and to illustrate its merits and miraculous power over pain upon the patient. We claimed that it would alay him few minutes the most severe.

RHEUMATIC PAINS.
DIARRHEA, NEURALGIA, &c.

TIC DOLOREUX,

CHILL FEVER.

That in a few minutes it would relieve the most severe pains in the bowels, that is fifteen minutes.

It would stop all painful and distressing discharges, and impart a general warmth to every organ and secretion of the body, that would positively relieve the most severe and disagreeable pains of head and nerves, and those in the joints, and effectively remove the disease.

That it would instantly mitigate the cruel pang of Neuralgia, and, by expeditiously removing this excruciating affection, that would stop the most tormenting fits, within a few seconds.

That it would remove all rheumatic pains in fifteen minutes, and cure many chronic cases of rheumatism in a few hours.

That it possesses a miraculous soothing and reviving influence over all palsies originating from Rheumatic, Neuralgic and Bilious complaints, and that the patient suffering the most excruciating woes, would feel the assistance induced in a few moments.

The world was startled at the publication of our discovery. The wise assessors of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that like other remedies it would cure quicker on paper, than by practical experience—thousands who were suffering with the most excruciating pains, as soon determined to try it; the consequence was, that from almost every village, town, and city, within 600 miles of New York, were the daily recipients of orders for our extraordinary remedy. The people tried, and found it good; so that the sales were augmented weekly and steadily, until, at the end of three months, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgic, Head and Neuralgic Headache, Chills, Fevers, Diarrheas, Cramps, Spasms, Choler, Menses, and in fact all painful and distressing Acute Complaints, were suddenly relieved from their tortures and restored to health. It came spread from city to city, the people sounded the most popular virtues far and wide, and ere, the earth began its yearly course,

FIVE MILLION BOTTLES WERE SOLD

In every town in New England, Connecticut, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri, the people have tested its merits and pronounced it a safeguard against disease, and a quick antidote for pain.

In New Jersey, Pennsylvania, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of RADWAY'S READY RELIEF, and if you reside in any of the States mentioned above, we refer you to the druggists, to physicians, and the people. Take a bottle of it to any skillful physician, let him test it, we will risk its reputation on his opinion.

THE GREAT

RENOVATOR OF THE BLOOD

AND
DISEASE EXTERMINATOR.

EXPERIENCE is the Basis of All Real Knowledge.—To SEE and to FEEL is to KNOW, and that which is seen and known must not be contradicted. When Galileo announced the discovery of new planets, the Aristotelians said, "This is impossible." Galileo replied, "Look through my telescope, and behold." The philosophers rejoined, "We will not look lest we should see them." There are a few people now-a-days so silly that they will not look at facts lest some privilege should be disturbed. These persons are, however, not numerous, and their stupidity injures nobody but themselves. The character of Dr. S. P. Townsend's Compound Extract of Sarsaparilla rests upon universal experience alone. Without this solid foundation, it never could have attained the widespread popularity which it at present enjoys. Its value and medicinal efficacy being thus demonstrated by the experience of thousands, it is only necessary to say that science sanctions and verifies the verdict.

Dr. JAMES R. CHILTON,

a PHYSICIAN and CHEMIST of the highest rank,

supplements the compounding of this Sarsaparilla.

Dr. S. P. Townsend's Sarsaparilla has proved to the satisfaction of thousands, to be the GREAT PONDER OF THE BLOOD and FEMALE STRENGTHENER. It will not reduce the already debilitated, its Tonic Action being such as to STRENGTHEN, as well as to regulate the bowels.

HOME TESTIMONY.

SALT RHEUM,

OF MANY YEARS STANDING.

The following evidence of the efficacy of Dr. S. P. TOWNSEND'S EXTRACT OF SARSAPARILLA is calculated to meet such disbelievers:

Dear Sir: I am most happy to acknowledge that, after suffering for nearly nine years with the Salt Rheum, in a very aggravated form, and being abandoned as incurable by several of our best physicians, I was finally persuaded to try your famous Sarsaparilla. The effects were soon perceptible, and when I had used two bottles of your great remedy I found myself not only cured of that most disagreeable and irritating disease, but my general health was so much improved that it astonished my family and friends. Since that I have advised others to make use of your Medicine, and have noticed its wonderful effects curing innumerable diseases, not altogether caused by a bad state of the blood.

Yours most respectfully,

Mrs. JANE SHAW, 133 Third Avenue.

F. S. You have my consent to publish the above; and it will give me great pleasure to state my case personally to any lady that is similarly affected.

Yours, &c.

WILLIAM NEWTON SHEFFIELD.

DYSPEPSIA AND NERVOUS DEBILITY.

Mrs. NEWMAN & BACK.

Gent.—Gradually will no longer prevent you from knowing to you how much I have been benefited.

As by the use of Dr. S. P. Townsend's Sarsaparilla.

For nearly a year I have been afflicted with Dyspepsia and Nervous Debility; I had become so debilitated, as by my physician's prescription, every day the same: "You require no medicine to exercise in the open air, my good lady, or you will never feel well." Feeling as I then did, this was not probable. So I began through the recommendation of Mr. Farman, in Hoboken, to take Dr. S. P. Townsend's Sarsaparilla. Since it would strengthen and give me appetite, if nothing more. By her advice, sent \$1, and obtained three bottles. Before I had taken all of the first bottle, began to feel stronger, and spirits much improved; began to go out more or less every day. I then took all of the third bottle, as I had a few days now to have more effect than two bottles did at first. This, I have been told, is one of the greatest cures of your medicine, I suffered of Debility, the dose is diminished. I am now enjoying better health than I have done for a year. As I am well known to many in your city as well as Brooklyn, it might be to your interest to let me know this, which you have my consent to do.

Yours, &c.
